

The CRR Road Department manages many of the roads on the Ranch, but not all. Out of approximately 90 miles of road on Crooked River Ranch; about 12 are County roads and 78 are Association roads. We work together in order to maintain consistency and productivity out here on the Ranch.

Our department fields a lot of questions regarding the roads here on the Ranch - and because it's a complicated system, we've developed a presentation we think will help inform you and answer those questions we get asked the most. Please take a moment to peruse the information and if you still don't find the information you need, don't hesitate to contact me.

Sincerely,

Jordan Jones, Supervisor
541-548-8939
