BOARD ASSIGNMENT DESCRIPTIONS

Advisors' Duties and Responsibilities

The Advisor is an individual Board member who is assigned yearly for specific support to each department of the Association. Advisors shall familiarize themselves with the function of their designated department, historical information pertinent to this role, and develop successful relationships with the department supervisors. There will be three advisors who will serve the following departments: Facility Services Department, Administrative Services Department, and Golf Operations.

The Advisor may assist the Ranch Manager in providing aid, support, guidance, and technical assistance as requested, and provide recommendations or possible actions for consideration, and shall serve as a resource for new and difficult situations.

The Advisor may serve as a conduit between the Board and Ranch Manager for their designated departments. They may assist the department supervisors with Ranch Manager's knowledge and support in any way requested and act as a channel for the grievance process as delineated in the Employee Handbook.

In the event of the Ranch Manager's absence, the Advisors may, with Board approval and direction, step in to assist their assigned departments in providing operational management of the Association.

Board of Director Committee Liaison

The Board of Directors will assign a Board member as a liaison to all the committees. Typically, the role of any assigned liaison is to improve communication between the Board and the committee. The liaison may not take a more active role within the committee; however, the liaison may make recommendations. Liaisons will forward critical information to the committee at the direction of the Board. The assigned liaison will not be a voting member of the committee.

Team Members

A team is a sub-group of the Board assigned specific defined responsibilities and authorized to approve in the name of the Board actions that meet the goals of the full Board, such as approving payment plans for members in collection. The team is also charged with making recommendations for the full Boards' consideration on any issue that significantly impacts the Association. The team should periodically report to the Board on its activities.
