II. CONSENT ITEMS -

- a. Agenda of Regular Meeting August 21, 2023. Move Presentation of FY 2022/2023 Annual Audit to Work Session of September 6, 2023
- **b.** Minutes of Regular Session: July 17, 2023.
- c. Minutes of Work Session August 7, 2023.

 A motion to approve the above consent items with noted change was made by Secretary Dries and seconded by Treasurer Peterson. It was a unanimous decision to approve.

III. COMMITTEE & STAFF REPORTS -

It is noted that the RV Park and the Golf course are ahead of last years' revenues. It was also noted that due to a recent inspection performed by the Fire Marshall's Office, the oil heater in the Golf Maintenance facility does not meet the proper certification and must be replaced. A different heat source will be researched.

IV. RANCH MANAGER'S REPORT:

- **a. Collections Report**: Ranch Manager LaPora reports that there was a reduction of account owing of 256 during the past month.
- **b. General Maintenance Supervisor Knoke's Retirement Update**: General Maintenance Supervisor Knoke is officially retiring, again. A replacement has been hired and will start September 1, 2023. Supervisor Knoke will stay for approximately two weeks to work with the new supervisor to ensure a smooth transition.

V. OLD BUSINESS

- **a.** Recap of Annual Meeting: The meeting went well. There were approximately 60 residents in attendance. Employee of the Year went to retiring Telegraph Editor Phyllis Carlin, and Volunteer of the Year was given to Marie Carter. A thank you plaque went to Treasurer Peterson as he steps down after his three-year term.
- **b. Follow Up Buffalo Place Improvements Director Jones:** Director Jones is working with Jefferson County, Phil Steinbeck Interim Planning Services Manager to look at zoning options in the Buffalo Place area. She will report back after another meeting.
- c. AR Log: Updates provided by Secretary Dries
 - #1. Comments: Lions Club has received all equipment purchased with grant money. Areas are being reviewed for future abatement.
 - #2. & 3: Action Officer change from R Peterson to M Dries. Comments: no change 8.21.23 #4. Comments: No change 8.21.23

VI. NEW BUSINESS

- a. Ranch Enhancement Projects/Pool Data Carl Harbour: Ranch Enhancement committee Chair Carl Harbour provided list of all projects and status per the committee. He asked for approval for two projects: Purchase of six weighted umbrella bases for under \$250.00. RV Park Tree Enhancement for removal and replacement of trees within the RV Park. The cost is not to exceed \$14, 440. A motion to approve these two purchases was made by Director Randall. It was seconded by Secretary Dries. It was a unanimous decision to approve. Chair Harbour also presented a survey of usage of the community pool. It showed that homeowners were the main users of the pool, not the RV Park or Ranch Cabin visitors and that the pool was never at capacity. He believes the impression of over capacity by pool users is due to a lack of sufficient seating and shade. His results will be published in the Telegraph.
- b. Snack Shack Update Randy Knight: Randy Knight, current lessee, announced that he will be retiring at the end of his lease. He does see potential for the Snack Shack to succeed with the right management. He will prepare a report with suggestions to help make the Snack Shack operational. He is willing to work with a new manager for the next year.

VII. SECOND READINGS:

a. CC&R Procedure and Revised Handbook: A motion to approve the Revised CC&R Procedure and Handbook, which includes the addition of committee filed complaints was made by Treasurer Peterson. It was seconded by Secretary Dries. It was approved eight to one with Director Randall opposing.

VIII. FIRST READINGS:

None

- IX. Public Input Kent Inman, Stephanie Proffitt and Herb Parker all spoke.
- **X. PREVIEW OF WORK SESSION Wednesday, September 6, 2023:** Addition of Presentation of FY 2022/2023 Annual Audit Zach Harmon; Introduction of Dan McRae, new General Maintenance Supervisor.

XI. Announcements:

CRR Fire & Rescue Pancake Breakfast, September 3, 2023, 8:00 am – 11:00 am

Re: Administration Monthly Report for August 2023

Significant Events/Accomplishments:

- The Annual Election ballots were mailed on August 1. During the month, when members paid their assessments current, we provided a ballot to them and updated the eligible voter spreadsheet for Capstone. The election results will be provided at the September 6 Work Session.
- On August 3rd, we had an Events Committee meeting that included a post Steel Stampede meeting. Due to the hostile and demanding attitude of the event co-promoters, the BOD decided to withdraw our participation in the event. We will be offering the venue to them on a for rent basis. We look forward to working with them to come up with a satisfactory agreement.
- Tammy stayed busy, processing 74 Community Yard Sale applications and payments and 538 payment transactions. She mailed out 11 Welcome Packets in addition to her daily duties of first line customer service both walk ins and phone. She made 6 replacement membership cards. Tammy also processes all incoming mail and handles all of the facility rentals, such as Mac Park, the Juniper Room, etc.
- Kara processed 15 HOA demand requests and 13 changes of ownership. She also completed 74 auto-debit billings for the 5th and 66 for the 20th of August as well as 108 monthly billing invoices and 16 newsletter accounts. She was able to collect \$6200 from seriously past due accounts not with the collection attorney. Attorney accounts paid \$1290 with two paying in full. She had no lien filings and one lien release this month and sent 29 intent to lien letters. Kara is beginning to use email communication with past due members. We feel this is more effective in actually getting responses and compliance. Kara also processed one CC&R complaint, processed, and mailed 3 CC&R letters and 4 inspection reports.
- Brenda continues to attend BOD Work Sessions and Regular Meetings as a backup minutes taker. She also maintains the kiosks, selling advertising signs as well as stocking and cleaning. She has been very successful in selling advertising signs for the kiosks. She writes the monthly article for the Redmond Chamber Newsletter and provides customer service. She also took charge of the Community Yard Sale event and processed 8 ARC applications. She continues her efforts on social media, promoting the election, Community Yard Sale, RV Park Long Term rentals, HOA annual meeting and more.
- Jan continued with her normal duties which includes receivables, payables, payroll, reconciliation of all bank accounts, balance sheet accounts, fixed assets and more as well as working on the back-end issues with Foreup and Firefly.

Respectfully submitted, Judy LaPora, Ranch Manager

AUGUST 2023 GENERAL MAINTENANCE REPORT September 7th, 2023

RV Park: The lookout platform which looks down at the Crooked River Gorge and Hollywood Road was inspected, repaired, and re-painted. A water line was repaired in D-Loop after an RV drove off with the water hose still connected.

Pool: The new ADA lift was needed several times and worked perfectly. We began preparations for closure after Labor Day. The pool was closed several times for poor air quality.

Fire Abatement: I met with Crooked River Ranch Fire District Chief Sean Hartley and Wellspring Management owner Tim Bell to discuss fire fuels abatement on HOA property and Crooked River Ranch at large. Specifically, we were looking at ingress and egress routes into and out of the ranch and the implications for evacuation of residents and the mobilization of fire-fighting personnel and equipment. We looked for trees and brush in the right-of-way and attempted to identify problem areas and individual trees that could be marked for removal and/or limbing and thinning. Our goal is to develop a long-term plan and prioritize individual roads that need mechanical treatment. In the short term, my goal was to properly earmark those funds which I have immediately available for fire abatement. There is approximately twenty thousand dollars in that budget line today.

We discussed the safety corridor fire break below Shad Rd. in a steep section of Sundown Canyon. Tim had surveyed and designated the area two years ago and we identified about eight resident lots which are adjacent to the corridor and acknowledged the need for buy-in of those property owners to ensure the success of the project. The Sundown Canyon project is a 9-acre stand-alone project which would require a hand-crew to accomplish since there is no access for equipment and the terrain is very steep. The impacted property owners would be contacted by a joint mailing from the HOA and Fire district to notify them of the work being done below their properties and the need for them to contribute by either doing some fuels reduction on their land or allowing access for crews to enter their property to do some thinning, limbing, and removal of trees. There is a possibility of grant funding through ODF and COIC which would provide funding for crews from Heart of Oregon and others to assist the homeowners.

We identified Horny Hollow Rd. as the highest priority for roadside clearing. There are many Junipers within the right-of-way that would present a serious barrier to egress for evacuees and ingress of fire-fighters during a conflagration. Next on the list are the trees along Chinook Road hill, immediately below the road and extending further towards Clubhouse Rd. These trees, if engulfed, would be an impediment to evacuation as well. Our third priority would be Hill Road canyon and again, the trees immediately below the road.

General: We completed the Sod lawn installation between the Clubhouse and swimming pool and brought in fresh gravel for walkways. We assisted in the removal and chipping of a large Juniper tree on Ferret Drive. The Ford Ranger received new front brakes. The Clubhouse carpets were cleaned.

Subject: August Update of Operations

Date: September 1st, 2023

Golf Shop Operations

Overview:

August was a real ride; on the 15th we hit a high of 104* and a few days later on the 23rd we had an overnight low of 39*. There was rain, heat, smoke and even those cool days; somehow, we were able to pull out a decent month overall. Average temp on the month was 86.16*, that's 3.91* warmer than last year; it was a hot month.

Significant Events/Accomplishments:

- \$8,630 (7%) more in Green Fees than August 2022
- You will notice that discounted rounds are way up this season. This is due to GolfNow, Golf Moose, Smart Shopper, Pacific Northwest Golf Association, and a new Twilight Walking rate I introduced this last month. Even with 27.9% more discounted rounds YoY I am \$71,388 ahead of last year's total Green Fee revenue. I am discounting "dead" parts of our week and days to fill as many spots as possible, butts in seats.

Opportunities:

- The 10-day forecast looks phenomenal, and I would assume most of September remains great for golf.
- We have a few new tournaments in September on top of the regulars we host. Hopefully we can get them as return groups moving forward.

Potential Shortcomings:

- Smoke, no need to explain
- Power outages now? Right in the middle of the day multiple times last week and over the weekend. Tough to run a business with no phones and internet I hope these don't continue.

Looking Forward:

- We just lost one Golf Shop employee and two Outside Service employees.
- Last year was an absolute banner September at almost \$50k more than average Septembers; it may be a tough mark to hit for us this season.

Best,

Randy Ballard, PGA

RE: monthly report

Overview: As with most August's on the high desert hot, dry weather patterns dominated for most of the period. I have not made the time to correct our weather station issues yet, so temperature information is again from Weather.com. For the month we were eight degrees above average lows and seven degrees above average highs. And rain, a couple days with light steady rain, well below our monthly average of .5" but were very welcome regardless the amount. There were some very seasonal weather days scattered throughout the month, just enough to remind us how beautiful C.O. can be in the summer. Although, as with some years, this year we have the added joy of heavy wildfire smoke to deal with. While the turf loves the smoke... we employees, not so much. Include the new (2022) OSHA wildfire smoke exposure rule in the mix and it makes a supervisor's job that much more difficult balancing employee health and safety with work responsibilities. While our employee's health and safety are paramount in our operations, for the golf maintenance department, turf doesn't stop growing in horrible climatic conditions and must be maintained before it gets away from us and becomes unplayable. OSHA's rule states that once the air quality index (AQI) reaches 100 we must make N or KN-95 particulate filtering face masks available to employees for voluntary use. If the AQI reaches 200 wearing masks becomes mandatory for employees exposed to wildfire smoke outdoors. While none of our buildings are airtight, they are much more comfortable to work in when the air quality is that bad. Much like the swimming pool, which closes when the AQI reaches 200, I've made an informal policy for the golf maintenance department that we stop working outside at this AQI level as well. We are also required to follow the new heat stress rule enacted last year by OSHA as well. This rule requires we provide cool drinking water, shade and additional breaks for employees based on the heat index. For anyone that's worked outside in these conditions, you know how difficult it can be and while we followed OSHA's guidelines we also worked outside when the AQI was over 200, wearing masks while mowing to keep the turf manageable. The labor front is improving for our department. We added two additional part time employees and lost one. Kevin has been doing what he can to help while on work restrictions until his surgery. While we did add the new employees, scheduled time off for some of our other employees made for interesting times keeping up with daily course maintenance requirements. Significant Events/Accomplishments: With our busy tournament schedule, member and outside, vacations and sick time we scrambled to keep everything moved but struggled the most with our roughs. Our players has caused us to push our starting time back to 6 am and will continue to fall back until we reach a 7 am start

had to deal with some US Open rough lengths at times, but you can only do so much... Available sunlight has caused us to push our starting time back to 6 am and will continue to fall back until we reach a 7 am start time. We had two mainline irrigation leaks that were repaired. Both were the cracked pvc nipples connecting lateral valves to the mainline. We have since discovered one more that will be addressed ASAP. Our #3 pump on the front-nine irrigation system failed on the 21st. The impeller retaining nut broke inside the pump housing and required machining to repair. With few options I used Hi Tech Electric and Desert Machine in Prineville. It took a couple of attempts but after three trips to the shop (and the owner finally arriving to do the repair) it was finally fully operational and reinstalled on the 23rd. We have become very adept (and almost NASCAR fast) at pulling and reinstalling centrifugal motors and pumps on the front station. We were only able to water greens, tees and approaches automatically while the pump was down. We manually watered as much of the other features of the front-nine as we could before play caught us. We did experience some wilt and dry spots from lack of irrigation, but most have recovered since the station became fully operational.

Potential Short Comings: Our greens spray program has suffered the last month with mowing requirements keeping me on the turf a significant portion of the period. Adding the new crew members should allow resuming our normal greens fertility/spray programs in the next period.

Looking forward, fall aeration of greens, tees and approaches, wall-to-wall fertilization along with daily course maintenance are scheduled for the upcoming month.

Re: Monthly Report for August 2023

Overview: Road Grading, Road Rebuilding, Ditch work

Road Maintenance: Our daily duties include fueling equipment, setting out signs and the porta potty, watering roads and transporting equipment. We rebuilt two roads this month. Narsissa and Rainbow Court. This involves widening the edges and hauling off the trash dirt. Then we hauled and spread 30 loads of gravel to Narsissa and 87 loads to Rainbow Court. Both roads took the better part of two weeks to complete. We were also able to grade and roll several other roads as follows – Narissa, Rainbow Court, Dylan Circle, South End of Rainbow Dove, Sparrow, Bullhead, Tadpole, Frog, Cougar Dingo, Ermine, Feret, Canyon, Cresent, Sundown Canyon, Scout Camp, Lords Pl., Peninsula, Waterhole, Big Sky, Chaparral and Round up. We also started some ditch work on Meadow Road installing Three culverts to help with some drainage issues.

Vehicle Maintenance: We switched the grader blades on the 770 and welded a new chain on the dribble bit. We repaired the tilt steering on the loader. Fueled and cleaned trucks and Equipment.

Misc.: Marked Meadow for locates.

Deer: We picked up 3 deer this month and had to make a trip to Knott landfill in Bend.

Signs: None

Town Trips: I made three trips to town this month for parts and repair work.

Respectfully

Jordan Jones / Road Supervisor

RV PARK - MONTHLY REPORT - AUGUST 2023

OVERVIEW:

August went by quickly, and the team responded to each challenge in a professional manner. There were no major issues and we worked hard keeping the grass green and the weeds at bay. There was some guest frustration about making reservations only 1 year in advance, as the regular groups are competitive about the sites they want.

INCOME:

August wasn't as good as I hoped, but it was a solid month with good occupancy and many reservations for next year.

,	2022	2023
Camping:	\$58,596.12	\$69,666.30
Extended Stay:	\$ 0	\$ 1,300.00
Merchandise:	\$ 1,130.00	\$ 2,205.26
RV Park Income (merch, gazebo rental, quarters):	\$ 666.00	\$ 2,894.01
Dump Station:	\$ 0	\$ 1,586.00
Reservation Fees:	\$ 0	\$ 1,698.00
TOTALS :(BEFORE TAXES)	\$58,697.11	\$79,349.57

PROJECTS:

We had a number of electrical issues in August, which were at least partially attributed to heat and exposure. We had been advised to cover the electrical panel in the \underline{A} strip several years ago, and Norm was able to do that in August. We had a number of electrical breakers go out in various sites in August, and Hoss Electric was very responsive so we suffered very little down time.

We are increasing our signage in the park to help people find the dump station, since it is in the back.

As you know, we received our funds for the tree project, which begins in September!

Respectfully, Julie Inman RV Park Supervisor

CC & R Review Committee Minutes

August 15,2023

<u>In attendance</u>: V Chair Mel Tellinghusen, Sec., Judy Gilliland, Mark Schneider, Gail DesBrisay, Jodie Gmeiner, CRR Admin Rep., Kara Burkhart, Jeff Co Rep Jonathan Chandler

1. Consent Items:

- A. Agenda for today's meeting.
- B. Minutes for July 18,2023 meeting: motion to approve by Gail DesBrisay & 2nd by Mel Tellinghusen Unanimous to approve.

2. New Business

- a. New Complaints
 - 1. 23-27 dtd 7-27-23 –Trash/Debris valid letter sent
- b. Recruitment Jim Stagl is leaving the committee. We would like to find some additional members.

3. Old Business

a. Review of Committee filing complaints. Stephanie took the committee's suggested guidelines to the BOD. The BOD had some verbiage suggestions & additional guidelines. We did some tweaking & will take back to the BOD.

b. Active 2022 CC&R

- 22-15 dtd 4-29-22 –debris & trash. County states this is a building site. Verbally asked
 to keep cleaned up. No progress. Building is complete but still no Occupancy permits
 granted. Residents are living in home. Mel & Johnathan met with owners and owners
 agreed to hire someone to help them clean. Some progress made. Due to heat taking a
 break. Mel will follow up in a week or so. Continue to monitor.
- 2. 22-30 dtd 08-01-22 –Several inoperable vehicles/debris. Judy viewed & confirmed 5-7 vehicles (unable to verify if operable), utility trailers & a questionable working hot tub. Sent letter. Resident asked to talk with CCR committee & Mel & Judy met with her 9/12. She stated all vehicles are operable. Son is sorting metals. We asked if we could meet & discuss it with son. Her son did not want to meet with us. Mel drove by that afternoon & did talk with him. Progress but slow. On Jeff Co. log. County had provided 2 dumpsters & were not used. County gave them a 3/31/23 timeline for full cleanup. County had closed but has now reopened after inspection. County is in contact with owner. Continue to monitor.

c. CC&R 2023

- 23-08 dtd 04-17-23 –2 large tent structures missing material due to weather.
 Debris, junk, garbage & household items. Some progress made but not significant.
 Jonathan has been in contact with resident & is monitoring. Some 'junk' gone due to 'free' garage sale. Mel & Norm to follow up with owner within 2 weeks.
- 2. 23-24 dtd 7/3/23 –Alphabet Flag Rainbow flag hard to see unless wind is blowing & is in trees. 3rd letter sent. No indication of request ARC for approval or take down. Could move to open violation if no response to 3rd letter

d. Open Violation

- 1. 21-46, 47&48, & 22-03&21 -dtd 6/3/21 Deemed open violation and fined. Property gets cleaned up for a short time then regresses significantly. Fine process has not worked. County reopened due to regression and sent letter of intent to cite. Stephanie is reaching out to owner to see if they can discuss how the committee can help.
- 20-08 dtd 2/19/20 6/22/22 deemed open violation by BOD. Class B & \$500 fine. Property is slowly being cleaned up. Will take a long time for full cleanup. On Jefferson County log. County did a site visit from road. It looks better from Chinook side. Still need to connect new county code with owner.
- 3. 22--25 dtd 6-29-22 inoperable vehicles & old appliances. Apr 3rd taken to BOD, deemed Open Violation and fined \$250. Property is in foreclosure & may be sold in August. Inspection showed worse than before possible abandoned. Take to BOD for next step. Continue to monitor

e. Review Deschutes & Jefferson Co's Active Complaints

- 1. Deschutes no updates
- 2. Jefferson 26 complaints. 2 new, 13 updates & 6 no change & 5 closed

BOARD ASSIGNMENT DESCRIPTIONS

Advisors' Duties and Responsibilities

The Advisor is an individual Board member who is assigned yearly for specific support to each department of the Association. Advisors shall familiarize themselves with the function of their designated department, historical information pertinent to this role, and develop successful relationships with the department supervisors. There will be three advisors who will serve the following departments: Facility Services Department, Administrative Services Department, and Golf Operations.

The Advisor may assist the Ranch Manager in providing aid, support, guidance, and technical assistance as requested, and provide recommendations or possible actions for consideration, and shall serve as a resource for new and difficult situations.

The Advisor may serve as a conduit between the Board and Ranch Manager for their designated departments. They may assist the department supervisors with Ranch Manager's knowledge and support in any way requested and act as a channel for the grievance process as delineated in the Employee Handbook.

In the event of the Ranch Manager's absence, the Advisors may, with Board approval and direction, step in to assist their assigned departments in providing operational management of the Association.

Board of Director Committee Liaison

The Board of Directors will assign a Board member as a liaison to all the committees. Typically, the role of any assigned liaison is to improve communication between the Board and the committee. The liaison may not take a more active role within the committee; however, the liaison may make recommendations. Liaisons will forward critical information to the committee at the direction of the Board. The assigned liaison will not be a voting member of the committee.

Team Members

A team is a sub-group of the Board assigned specific defined responsibilities and authorized to approve in the name of the Board actions that meet the goals of the full Board, such as approving payment plans for members in collection. The team is also charged with making recommendations for the full Boards' consideration on any issue that significantly impacts the Association. The team should periodically report to the Board on its activities.
