

CROOKED RIVER RANCH SPECIAL ROAD DISTRICT

PO Box 842

Vern Bowers, President
Board of Directors
Crooked River Ranch Club
and Maintenance Association

December 9, 2002

Dear Board Members,

The Association and District have an existing agreement for a procedure for closing Ranch roads when inclement weather forces such action. The District proposes to amend this procedure by delegating the authority and responsibility (ORS 810.010-810.030 and ORS 368.271) for making road closure decisions due to weather related safety hazards to the Road Maintenance Supervisor. Closures methods will be at the discretion of the Road Maintenance Supervisor and should conform to generally accepted safety practices and limited in duration and inconvenience to traffic. Closures will be the last safety option utilized to protect the welfare of the public and used only when sanding/cinders cannot be applied or are ineffective. In the event a roadway is closed, the following notifications shall be made:

IMMEDIATE NOTIFICATIONS OF ALL ROAD CLOSURES:

**Deschutes County 9-1-1 Center---388-0170, and
Jefferson County 9-1-1 Center---475-2201**

Notification during normal business hours:

Deschutes County Road Dept---388-6581
Jefferson County Public Works---475-4459
CRR Rural Fire Protection Dist.--923-6776
CRR Special Road District-----923-5305 or 504-1337 or 788-2028
